	I would love to see more zoning for further busienss development as well as some road and	
	public works improvement. I know that the 2021 flood did major damage to our infrastructure	
	and that continues to be repaired but we still have a long way to go. I also think that some city	
	ordinances regarding curb appeal would be welcomed. Most residences of Sumas take very	
	good care of there home and property, however many others seem to be growing a junk yard	
	on there front lawn this is quite an eye sore to otherwise lovely neighborhoods.	Infrastructure
	Help to rebuild after the flood.	Flood
35	More things to do	Business
	The obvious - I understand the flood in 2021 was really bad - but needed is businesses -	
	restaurants; bar/brewer/cidery; closed buildings cleaned up. This town has incredible	
	potential. Maybe a dedicated fair / event / festival - yearly or quarterly. Something that brings	
_	people in an provides business and future opportunities.	Business
	Communication from city hall regarding growth	Growth
	Not informed enough or familiar enough to answer.

	Need more business. Looks like 10 buildings wi be torn down when CBP will build a new Port	
	at Sumas. If they are building a bigger Port due to not only to replace the old port but also due	
	to traffic coming from Canada has picked up throughout the years. What does Sumas have to	
	offer as for businesses with this traffic coming through. Blaine and Lynden both have got new

63	Street & sidewalk repair	Infrastructure
64	Fixing the bridge on hovel rd.	Infrastructure
-	I think clearing snow could be better. After the big snow this winter the Canadian side was cleared	
	promptly, but me and many others were stuck in our cul de sacs for 3+ days. Also, there are a lot of	
65	sidewalks in not-great condition, or missing ADA ramps.	Infrastructure
	More places to shop	Business
-	more activity throughout the year	Events
	More sidewlaks, bike lanes, youth center, coffee shop, book store, shopping mall, improved bus
